EXPERIENCE

Datalia, France | Remote internship 08/2026
Full-stack web developer intern Remote / France

- Contributed to the development of a large-scale web solution in the real estate sector, dedicated to the sale, rental, and management of properties in South Africa.
- Developed and debugged frontend and backend functionalities on a major project, including testing, bug fixing, and code quality control.

1st Arab Gathering 06/2026
Representative of Tunisian Youth Rabat, Morocco

- Selected as one of only two official representatives of Tunisian youth by the Moroccan Ministry of Youth and the League of Arab States. Participated in high-level workshops on digital security and digital citizenship, alongside youth delegations from 22 Arab countries. Contributed to the formulation of strategic recommendations on responsible digital participation and youth empowerment.

Ministry of Family, Women, Children and the Elderly 01/2026 – 02/2026
Full-stack web developer intern Tunis, Tunisia

- Developed, as part of a 3-person team, a web application dedicated to the monitoring and tracking of projects before and after construction across all 24 governorates of Tunisia.
- Contributed to the design and implementation of functionalities for monitoring, controlling, and managing projects nationwide.

Compagnie des Phosphates de Gafsa (CPG) 01/2025 – 02/2025
Front-End web developer intern Gafsa, Tunisia

- Immersed in the Technology Department of a major state-owned mining company, with direct exposure to the company's IT infrastructure.
- Strengthened skills in technical problem-solving and internal systems management within a demanding industrial environment.

Freelance 2023 – Present
Front-End/Back-End Developer & Multimedia Designer Remote / Tunisia

- Designed and developed custom front-end interfaces (TypeScript, JavaScript, Laravel, React) for client websites, delivering responsive and visually impactful experiences.
- Created complete visual identities (logos, graphic materials, marketing materials) using Adobe Photoshop and Illustrator.
- Produced and edited promotional video content using Adobe Premiere Pro, managing projects from conception to final delivery.

EDUCATION

Bachelor's Degree in Technology — Multimedia and Web Development 2024 – 2027
Higher Institute of Technological Studies (ISET) of Sidi Bouzid Sidi Bouzid, Tunisia
